Their lives feel unmanageable—and they are confused, blocked, overwhelmed and unable to move forward effectively. Kathy Caprino sheds light on this growing epidemic of disempowerment and shows women how to reinvigorate and reclaim their lives. *Breakdown, Breakthrough* uses a comprehensive coaching, behavioral, and spiritual framework to explore how women can restore their power and reconnect with their life visions as they awake from the paralysis of professional dissatisfaction and personal diminishment. Caprino outlines a new model for understanding disempowerment, one that focuses on women's relationships with themselves, with others, with the world, and with what she calls their higher selves. She identifies twelve specific challenges professional women face and offers concrete, practical advice for overcoming each one—helping readers “step back, let go of what is holding them back, and say yes” to creating a compelling and rewarding next chapter of life and work. This is also a deeply personal book. Caprino candidly discusses her own struggles with crippling feelings of disempowerment, and shares moving stories and heartfelt advice gleaned from her interviews with over one hundred women who experienced and overcame the crises she describes. *Breakdown, Breakthrough* offers working women who are stressed, stuck, and dissatisfied access to new inspiration, hope, and a definite plan of action.

Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types

of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, *College Essay Essentials* is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

If you are interviewing with a company, you are likely qualified for the job. Through the mere

action of conducting the interview, the employer essentially implies this. So why is it difficult to secure the job you love? Because there are three reasons you actually get the job—none of which are your qualifications— and, unfortunately, you can only control one of them.

INTERVIEW INTERVENTION creates awareness of these undetected reasons that pose difficulty for the job-seeker and permeate to the interviewer, handicapping the employer ' s ability to secure the best talent. It teaches interview participants to use effective interpersonal communication techniques aimed at overcoming these obstacles. It guides job-seekers through the entire interview process to ensure they get hired. It teaches interviewers to extract the most relevant information to make sound hiring decisions. INTERVIEW INTERVENTION will become your indispensable guide to: ? Create self-awareness to ensure you understand the job you want before—not after—the fact. ? Conduct research to surface critical employer information. ? Share compelling stories that include the six key qualities that make them believable and memorable. ? Respond successfully to the fourteen most effective interview questions. ? Sell yourself and gather intelligence through effective question asking. ? Close the interview to ensure the interviewer wants to hire you.
