Data Response Questions for Economics is a companion workbook to Economics from a Global Perspective and Multiple Choice Questions for Economics. It is thus structured to the syllabus of the International Baccalaureate Diploma. It is, however, suitable for use in any introductory economics course. The workbook contains a balanced selection of contemporary articles from around the world. Each article is followed by questions. Full answer schemes are provided. The workbook aims to help students acquire and practice a number of specific skills: To learn to read and interpret articles as an economist. To practice reading and interpreting graphical and statistical information. To widen knowledge through reading carefully chosen articles relevant to the course. To practice applying economic theory. To reinforce the skills and knowledge acquired in the economics course. To meet key economic concepts several times over. To relate classroom learning to the real world. To encourage hands on study. To gain a world perspective through reading articles drawn from all over the globe. To practice data response type examination questions.
