Strange as it may seem, other people are not nearly as committed to our happiness as we are. In fact, sometimes they seem like they're on a mission to make us miserable! There's always that one person. The one who hijacks your emotions and makes you crazy. The one who seems to thrive on drama. If you could just "fix" that person, everything would be better.

In this cut-to-the-chase book, communication expert Mike Bechtle shows readers that they don't have to be victims of other people's craziness. With commonsense wisdom and practical advice that can be implemented immediately, Bechtle gives readers a proven strategy to handle crazy people. More than just offering a set of techniques, Bechtle offers a new perspective that will change readers' lives as they deal with those difficult people who just won't go away.
