The Ultimate Writing Coach contains everything you need to know about writing and publishing. It presents authoritative guidance direct from professional writers covering the full gamut of both the fiction and non-fiction market. For fiction, there is coaching on everything from creating believable characters and writing short stories to specialist subjects such as crime and children's fiction. For non-fiction learn from expert advice on travel and technical writing, writing for the web, poetry and biographical writing, and journalism. This invaluable guide also includes succinct, practical guidance on actually getting published, with articles on how to get your submission right for immediate impact, contracts and legal issues, and the financial side. There are handy tips on learning opportunities, whether you're a high school graduate looking to embark on a university degree or a full-time mom looking to take a short course or workshop. And a handy glossary of book trade terminology will ensure you're fully clued up on your industry jargon.

Accounting Information Systems provides a comprehensive knowledgebase of the systems that generate, evaluate, summarize, and report accounting information. Balancing technical concepts and student comprehension, this textbook introduces only the most-necessary technology in a clear and accessible style. The text focuses on business processes and accounting and IT controls, and includes discussion of relevant aspects of ethics and corporate governance. Relatable real-world examples and abundant end-of-chapter resources reinforce Accounting Information Systems (AIS) concepts and their use in day-to-day operation. Now in its fourth edition, this popular textbook explains IT controls using the AICPA Trust Services Principles framework—a comprehensive yet easy-to-understand framework of IT controls—and allows for incorporating hands-on learning to complement theoretical concepts. A full set of pedagogical features enables students to easily comprehend the material, understand data flow diagrams and document flowcharts, discuss case studies and examples, and successfully answer end-of-chapter questions. The book's focus on ease of use, and its straightforward presentation of business processes and related controls, make it an ideal primary text for business or accounting students in AIS courses.

This straightforward, no-nonsense guide shows you the basics of bookkeeping--from recording transactions to producing balance sheets and year-end reports.

This book is not about selling products -- it is about selling yourself, your ideas, and your services. This book explains an innovative dialogue sales process, and the relationship sales principles that underpin it. In every sales situation, there is both a seller and a buyer and, at different times, either the buyer or the seller may take the lead. The dance they perform may or may not lead to a deal, but it will leave them knowing a little more about each other's strengths and weaknesses. These two dancers are "connected" and follow the same steps -- The five steps they follow are to plan, connect, dialogue, record, and follow up. The five steps are the basis of the dialogue process. In addition, this book provides easy-to-follow guidance for three groups of people: 1. Professionals wanting to sell their services and improve their business development; 2. Thought leaders, change agents, innovators, entrepreneurs, senior public servants, and advocates wanting to sell their ideas to others; 3. Mid-career job seekers and recent graduates aiming to sell themselves into a dream job role either full or part-time.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Every year, millions of Americans run into problems in dealing with the Internal Revenue Service. If you receive a penalty notice from the IRS, you may not have to pay it. Written by a former IRS attorney, Tax This! covers everything you need to know about the audit process. It gives taxpayers the edge by showing them how to fight the IRS, level the playing field, and win! Tax This! contains tips on both business and personal tax issues. This edition includes additional tips on how to deal with the IRS's aggressive strategies and a section on the IRS's "Dirty Dozen" tax scams and how taxpayers can protect themselves.

Ralph Hill's book of 70 short stories will appeal to all tastes. Themes include Detection, Adventure, Romance and Humour - so whether you like intrigue or a good laugh you'll find something to suit you. This is a book that will be enjoyed by older children and adults alike, with many of the stories having a twist or an underlying moral message that discerning readers will appreciate. Some of the stories are autobiographical - giving a glimpse of life as a signalman on a destroyer during the second world war - and others incorporate reflections on life and literature arising from Ralph's career as a teacher.

This book presents stories of entrepreneurial success in diverse sectors food products, socialservice, retail, education, pharmaceuticals, software, designing, consultancy, hospitality,outsourcing, etc. the book aims to inculcate in the readers different entrepreneurial capabilitiesrequired at different stages of business lifecycle start-up, growth, and maturity.

PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology.

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)
