ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- For one-semester undergraduate and graduate level courses in Organizational Behavior. Concise fundamentals for students. Ultimate flexibility for instructors. This bestselling, brief alternative for the OB course covers all the key concepts needed to understand, predict, and respond to the behavior of people in real-world organizations. This text also includes cutting-edge topics and streamlined pedagogy to allow maximum flexibility in designing and shaping your course. The eleventh edition contains expanded and updated coverage on international issues, as well as new sections on the management of information, safety and emotions at work, risk aversion, self-determination theory, managing information, and downsizing. Accompanied by mymanagementlab! See the hands in the air, hear the roar of discussion—be a rock star in the classroom. mymanagementlab makes it easier for you to rock the classroom by helping you hold students accountable for class preparation, and getting students engaged in the material through an array of relevant teaching and media resources. Visit mymanagementlab.com for more information.

Organizational Behavior is a multidimensional product to allow for student development in knowledge, analysis, synthesis and personal development with

## Read Free Essentials Of Organizational Behavior 12th Edition By Robbins Stephen P Judge Timothy A 2013 Paperback

pedagogical features designed to bring Organizational Behavior to life. This product reframes the content of organizational behavior to reflect the inherent interdependence of factors that explain human behavior. Traditional OB topics are introduced as part of an integrated framework for answering practically-relevant questions about why people behave as they do and how to effectively self manage and influence others.

Compiled by three of the most influential authors in the field, CLASSICS OF ORGANIZATION THEORY, Eighth Edition is a collection of the most enduring works in organization theory. To help students grasp important themes, perspectives, and theories, the authors describe what organization theory is, how it has developed, and how its development has coincided with events and changes in other fields. This highly acclaimed reader is not simply a retelling of the history of organization theory; its evolution is told through the words of the distinguished theorists themselves. The readings in this edition have been thoroughly reviewed and updated. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Organisational Behavior by Fred Luthans was one of the first mainstream organisational behavior texts on the market and continues the tradition of being the most current and up-to-date researched text today. Well-known author Fred Luthans is the 5th most prolific Publisher in Academy of Management Journals and a senior research scientist with the Gallup Organization, who continues to do research in the organisational behavior area. The Twelfth Edition of Organisational Behavior is ideal for instructors who take a research-based and conceptual approach to their OB course.

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.
