## Communication Systems Scheme Unit

specification introduces students to the business world. They also explore the changing role of digital technology in business today.

Students learn about file management and applications such as word processing, spreadsheets, databases, web authoring, web browsing, email and presentation software. They also study types of business, recruitment, selection, training, marketing, the role of stakeholders and customers, and how best to communicate ...

GCSE - Business (9-1) - J204  
(from 2017) This engaging course  
focuses on current and emerging  
communication systems  
technology. It allows students to  
explore and suggest improvements  
to communication systems within a  
business environment. It also  
develops the practical skills  
needed to maintain and use  
standard office software, including  
the main hardware and software  
components, and how these are  
operated within a business.
