Helping Skills: Facilitating Exploration, Insight, and ...  
Overview. In this fifth edition of her best-selling textbook, Clara Hill presents an updated model of essential helping skills for undergraduate and first-year graduate students. Hill's model consists of three stages — exploration, insight, and action — in which helpers guide clients in exploring their thoughts and feelings, discovering the origins and consequences of maladaptive thoughts and behaviors, and acting on those discoveries to create positive long-term change.
