This Surgeon General's report details the causes and the consequences of tobacco use among youth and young adults by focusing on the social, environmental, advertising, and marketing influences that encourage youth and young adults to initiate and sustain tobacco use. This is the first time tobacco data on young adults as a discrete population have been explored in detail. The report also highlights successful strategies to prevent young people from using tobacco.

One Woman's Journey Back to Loving the Bible If the Bible isn't a science book or an instruction manual, then what is it? What do people mean when they say the Bible is inspired? When Rachel Held Evans found herself asking these questions, she began a quest to better understand what the Bible is and how it is meant to be read. What she discovered changed her—and it will change you too. Drawing on the best in recent scholarship and using her well-honed literary expertise, Evans examines some of our favorite Bible stories and possible interpretations, retelling them through memoir, original poetry, short stories, soliloquies, and even a short screenplay. Undaunted by the Bible's most difficult passages, Evans wrestles through the process of doubting, imagining, and debating Scripture's mysteries. The Bible, she discovers, is not a static work but is a living, breathing, captivating, and confounding book that is able to equip us to join God's loving and redemptive work in the world.

David Crystal's classic *English as a Global Language* considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

Examines the processes of composition, learning, and performance used by Southern black folk blues singers.

This straightforward book is the only one of its kind to join the literature of environmental ethics to the literature of applied ethics--to describe a life lived in harmony with itself, with society, and with the natural world. KEY TOPICS: Its three chapters focus on morality, technology, and stewardship while encouraging readers to explore a single virtue that will encompass all the requirements of the ethical life and save the environment at the same time. MARKET: For humans who want to live good and fulfilling lives without compromising the ability of the other species on the planet to do the same.

SECOND EDITION of the best-selling course first published in 2003. Provides exam preparation and practice for the PET exam.

Many people who work on Broadway keep scrapbooks of their experiences, with photos, signed posters, ticket stubs, and of course Playbills. Playbill Books has expanded this idea into an annual project that is becoming a Broadway institution: The Playbill Broadway Yearbook. Taking the form of a school yearbook, the third edition is packed with photos and memorabilia from the 2006-2007 Broadway season. The new edition includes chapters on all 67 Broadway shows that ran during the season - new shows like

Curtains and Spring Awakening as well as long-running ones like Wicked. In addition to headshots of all the actors who appeared in Playbill, the book has photos of producers, writers, designers, stage managers, stagehands, musicians - even ushers. The Playbill Broadway Yearbook also has a correspondent on each production to report on inside information: opening-night gifts, who got the Gypsy Robe, daily rituals, celebrity visits, memorable ad-libs, and more. Correspondents range from dressers and stage doormen to stage managers, dancers, featured players, and even stars of the shows.
