"Digital Communications" is a classic book in
the area that is designed to be used as a
senior or graduate level text. The text is
flexible and can easily be used in a one
semester course or there is enough depth to
cover two semesters. Its comprehensive nature
makes it a great book for students to keep
for reference in their professional careers.

download

While I was loathe to purchase this newest edition of Proakis' book on Digital Communications, owing to older editions floating around my lab, I decided it was worth it to shell out the money for this most recent edition. It is fairly concise, and provides an excellent survey of modern digital communications.
