Upon purchase, you will receive via email the code and instructions on how to access this product. Time limit The eBooks products do not have an expiry date. You will continue to access your digital ebook products whilst you have your Bookshelf installed.

Taking a managerial approach and demonstrating the application of behavioural science within the workplace, this text focuses on the essential topics of organisational behaviour. The Essentials text is a new concise version of the long established market leader Management & Organisational Behaviour which has set standards in pedagogy and authorship that few texts have matched. The accessibility of writing style and clarity of presentation makes unfamiliar theory relevant, easily understood and logically applied to the world of work. In 12 chapters, the Essentials version focuses on the core topics of the discipline in a recognisable sequence, starting from the level of individual, though to the group, and finally the organisation.

Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

The new edition of this successful text provides an overview of organisational behaviour and analysis for students of all levels who are taking their first course in the study of people in organisations. It has been purposefully designed for accessibility and to make teaching and learning both relevant and stimulating. Classic Features *A novel, integrative approach combining both organisational behaviour and

Download Ebook Laurie J Mullins 8th Edition Mcgraw Hill International Management And Organisational Behaviour

organisational analysis. *A deliberate avoidance of the managerialist approach characteristic of many leading textbooks, which better equips students to understand human behaviour in organisations. *Offers a critical framework which encourages students to engage in discussion of the theories and concepts presented in the text. *Comprehensive coverage of major theories and concepts, including crosscultural and international perspectives. *Strong pedagogy, including learning outcomes, short case studies, review and discussion questions and further readings. *Time Out exercises, designed to enable students to draw on their own experiences to apply concepts and theories in personal study or classroom discussion. New Features *Five new sections spread throughout the book, devoted t

The 9th edition of this comprehensive core textbook builds on its global perspective and approachable written style, as it explores the key concepts within a clear and logical structure. Lynch guides you through 19 chapters, with updated case studies and pedagogy that support the modern business and management student from start to finish. Continuous contrast between prescriptive and emergent views of strategy highlights key debates within the discipline, whilst an emphasis on the practical throughout the book helps you turn theory into practice

This new edition of Organisations and the Business Environment provides a completely revised, extended and updated edition of the original successful text. It provides contemporary and comprehensive coverage of the subject matter which is highly relevant to business and management students at undergraduate, postgraduate and professional levels. The text is written in a clear and concise style, illustrated with topical examples and data. Organisations and the Business Environment (second edition) comprises four sections: * Business Organisations ;V discusses the evolution of organisational and managerial theories and concepts with particular emphasis on their relevance in the 21st century. The different types of organisations and their missions, visions, goals and objectives are examined. * The External Business Macro-Environment ;V describes and considers the political, economic, socio-cultural, technological, ecological and legal influences on organisations, utilizing the PESTEL framework of analysis. This section includes a review of the internationalization of businesses and examines the role of GATT and the WTO, single markets and trading blocs. * The External Business Micro-Environment ;V provides a review of the market system and the nature of supply and demand. Market structures are examined in the light of monopolistic regimes and working for competitive advantage. The impact of government intervention is explored via regulatory bodies, privatization, and nationalization programmes. * Business Management ;V explores the major aspects of contemporary business organisations, including corporate governance and business ethics. In particular, this section tackles the areas of structure, culture, change, quality management and the principal functions of organisations. This textbook is a user-friendly resource with end of chapter questions, activities and assignments to consolidate learning. Its strong emphasis on topical examples enables students to understand how theory is applied in business contexts, including, GlaxoSmithKline, BT, Scottish and Newcastle, Hanson plc and a number of not-for-profit organisations. There is additional Tutor Resource material, including presentation slides, data charts, chapter summaries, questions and answers. "An excellent book...good use of learning objectives, questions and potential assignments." Paul Blakely, Lecturer, University College of Warrington.
