- Stimulate effectiveness by enabling others to reach both their personal potential and their institutional potential
- Take a role in developing, expressing, and defending civility and values
- Nurture new leaders and ensure the continuation of the corporate culture

Leadership Is an Art offers a proven design for achieving success by developing the generous spirit within all of us. Now more than ever, it provides the insights and guidelines leaders in every field need.

This book is wisdom in action. ” Now updated for first time in well over a decade, this powerful book reveals why today, more than ever, leadership is more an art than a science. - Hold people accountable and give them space to reach their potential

Now that I'm on such a board, what should I do? How can we find the best trustees? How should I think about my work for nonprofits? What kind of relationship between a board and the staff will work best? How can we organize and develop the service of busy, committed people? Internationally renowned CEO and best-selling author Max De Pree packs his many years of

experience on nonprofit boards into these short letters directed to busy folks active in nonprofit life. Brief, clear, and -- above all -- useful, *Called to Serve* notes the marks of an effective board, lays out the proper work of boards, gives choices for structuring a nonprofit board, and covers the roles and relationships of board chairpersons, trustees, and presidents. Today there are more than 1.5 million nonprofit organizations in America, with 109 million people working in this important sector of society. In spite of this surprising fact, very little training exists for this kind of service. *Called to Serve* is valuable not only because it fills this need but also because it comes from the pen of one of America's most experienced and respected business leaders.

You ' ll learn how to create teams that are highly productive, highly respected, and highly trusted. Lopp has been speaking and writing about this topic for over a decade and now maintains a Slack leadership channel with over 13,000 members. The essays in this book examine the practical skills Lopp learned from exceptional leaders—as a manager at Netscape, a senior manager and director at Apple, and an executive at Slack. You ' ll learn how to apply these lessons to your own experience.
