"Surprise... You're pregnant!" Obstetrician Avery Wallace has uttered those words but never had them said to her...till now, just three weeks after her unexpected New Year's Eve with the hospital's "Dr. Romeo," Justin Garrett. But Avery's sworn off marriage, motherhood and men—especially doctors. And it isn't attraction she feels for the sexy ER doc...it's pregnancy hormones! "Let's get married." One night isn't enough for Justin, not when he's crushed on Avery for years. But a baby? Not in his plans. So no one's more surprised by his proposal...or more disappointed by her refusal. The hospital's buzzing but Justin doesn't care. He knows what to do—and he has a little over eight months to do it: convince Avery to make him a husband before he becomes a daddy.

Getting pregnant? A big deal. Getting pregnant by your handsome, hands-on personal physician? An even bigger deal. And don't forget, he has a business partner who loves being in on the action as well. I've put off seeing a doctor for a long time, so when I finally work up the nerve, I decide to go for the best. Doctors Ryder Stephenson and Ranger Stevens have a very exclusive practice on Park Avenue. They're two incredibly gorgeous, rich as all hell plastic surgeons with a helluva magic touch. Except, my consultation goes off the rails. My physicians are completely irresistible, and the temperature in the exam room heats up until it's near sizzling. We're damn near breaking the law. But you know what I really want? A baby. ... And the doctors are only too happy to oblige. They tell me to come back for another consultation ... and another ... and another ... until soon, I'm a mommy-to-be. Yeah, whoops. This wasn't supposed to happen. But now, I want it all, and the gorgeous, huge, growly physicians won't stop until I'm mommy to a dozen of their children! We're off the reservation with crazy, over-the-top insta-love between two gorgeous doctors and a sassy curvy girl that will make you want to put on a flimsy hospital gown. There are no swords that cross because the story is all about her. Not responsible for thermometers that break. Reader beware. As with all my books, this one is safe, with no cheating, and a HEA guaranteed.

Set on the Caribbean coast of South America, this love story brings together Fermina Daza, her distinguished husband, and a man who has secretly loved her for more than fifty years.
