This book is a critical historical analysis of leadership thought in the Western tradition, examining Classical Greek, medieval and modern social scientific theories of leadership, focussing on the assumptions and effects which arise from these ways of understanding leadership and offering a new basis for leadership theory-building.

As consumers, we have a greater selection of higher quality goods & services to choose from, yet our experience of obtaining & using these items is more frustrating than ever. At the same time, companies find themselves with declining customer loyalty & greater challenges in fulfilling orders. This text offers solutions to these problems.

A book that revolutionised our understanding of English social history. E. P. Thompson shows how the English working class emerged through the degradations of the industrial revolution to create a culture and political consciousness of enormous vitality.

A ¶marvelous history¶ of medieval Europe, from the bubonic plague and the Papal Schism to the Hundred Years¶ War, by the Pulitzer Prize-winning author of The Guns of August ¶Lawrence Wright, author of The End of October, in The Wall Street Journal The fourteenth century reflects two contradictory images: on the one hand, a glittering age of crusades, cathedrals, and chivalry; on the other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, dominating all, the knight¶in all his valor and ¶furious follies,¶ a ¶terrible worm in an iron cocoon.¶ Praise for A Distant Mirror ¶Beautifully written, careful and thorough in its scholarship. . . . What Ms. Tuchman does superbly is to tell how it was. . . . No one has ever done this better.¶¶The New York Review of Books ¶A beautiful, extraordinary book . . . Tuchman at the top of her powers . . . She has done nothing finer.¶¶The Wall Street Journal ¶Wise, witty, and wonderful . . . a great book, in a great historical tradition.¶¶Commentary NOTE: This edition does not include color images.

¶The first strategy Janet developed for me turned a \$572 expenditure into \$31,000 in just six hours. Her second turned \$1,280 into \$105,000 in just six weeks.¶-Jack Canfield, cofounder of the Chicken Soup for the Soul® book series You've spent a lot of time, effort, and money to get where you are today. You've hired employees or established outsource relationships. You've developed products or services, advertised, sold, and delivered. With Janet Switzer's proven secrets, you'll be able to Discover hidden pockets of potential income-at no cost to you Sell more to your current customers and generate new clients Lower costs, increase prices, and maximize profits Get others to do your marketing for you Create your own Instant Income implementation plan This comprehensive guide is packed with ready-to-use campaigns, money-generating guidelines, do-it-yourself financial calendars, and so much more. Best of all, the purchase of this book gives you FREE full access to the Instant Income online tools. These tools include a FREE online audit, FREE sample intrapreneurship template, and FREE e-training program. This is no ordinary how-to guide. This is Instant Income-for you, for real, for life.

A fully revised and updated third edition, this book details the form, contents, and procedures for preliminary references. Written for both practitioners and academics, this is an essential guidebook covering all aspects of preliminary references.

This is an expert guide to the 2.6 Linux Kernel's most important component: the Virtual Memory Manager.

This book makes a much needed contribution to what we know about the role and work of the assistant principal. It offers terri c insights into the different challenges one faces after being appointed assistant principal, and it provides readers with a rich array of data regarding the mental, emotional, social, and physical adjustments accompanying one's transition to this new role. The author refreshingly moves beyond mere description of what assistant prin- pals do as they make their transition to that role, and actually helps us gain a sense of the lived experience of becoming and being an assistant principal. The book gives a realistic picture of the cognitive, social, and emotional con icts and confusions, the daily ups and downs, the fears, frustrations, and highs that are experienced by the men and women undertaking the passage from teaching to administration. This book is distinctive for a number of reasons. It is an empirical study of the role of the assistant principal. There are comparatively few helpful studies, and P- fessor Armstrong's research adds a solid and much needed addition to that body of work. It focuses on the transition from being a teacher to being an assistant prin- pal, and it reveals much about how the assistant principal's role transition differs markedly from that of the school principal.
