Odysseus Unbound: The Search for Homer's Ithaca by

Our proposed route for Odysseus' journey from his landing on Ithaca at Phorcys Bay (Atheras Bay) to his palace on Kastelli. After Odysseus lands on Ithaca, Homer describes his journey across his homeland through several key locations to his palace where he confronts Penelope's suitors. Taking as a starting point that Homer referenced real places, Robert Bittlestone identified a number of locations on Paliki that closely match the text descriptions in the 'Odyssey', considerably ...

Odysseus Unbound - Locations

Odysseus Unbound (2005), by Robert Bittlestone with the assistance of Professor James Diggle of Cambridge University and Professor John Underhill of the University of Edinburgh, puts forth a theory that Paliki, a peninsula of Kefalonia, is the location of Homer's Ithaca, the home of Odysseus in Homer 's Odyssey.

Examines literary, geological, and archaeological evidence in an attempt to identify the true location of the island of Ithaca described in Homer's "Odyssey."

In this text, an authority on Homeric texts takes us on a tour of the main localities that Homer paints in his Iliad and Odyssey. Providing numerous photographs of the terrain and quoting liberally from the two epics, J.V. Luce argues that Homer's descriptions of the ancient landscape, far from being poetic fantasies, are accurate in every detail. Luce surveys what Homer tells us about the environs of Troy and Ithaca, applying the developing science of narratology to Homeric depiction of landscape. He also incorporates information about Troy that has been obtained in the past two decades, in particular geophysical information about the alluviation of the Trojan plain and archaeological data about Troy that reveals that the fortified area of the city was ten times as large as previously supposed. Tracing the ebb and flow of the battle as described in the Iliad, Luce shows how Homer's account is consistent with this picture of the plain.

An interpretation of Joyce's masterpiece which illuminates its philosophical and literary significance

'Ulysses' is a novel by Irish writer James Joyce. It was first serialised in parts in the American journal 'The Little Review' from March 1918 to December 1920, and then published in its entirety by Sylvia Beach in February 1922, in Paris. 'Ulysses' has survived bowdlerization, legal action and bitter controversy. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. An undisputed modernist classic, its ceaseless verbal inventiveness and astonishingly wide-ranging allusions confirm its standing as an imperishable monument to the human condition. It takes readers into the inner realms of human consciousness using the interior monologue style that came to be called stream of consciousness. In addition to this psychological characteristic, it gives a realistic portrait of the life of ordinary people living in Dublin, Ireland, on June 16, 1904. The novel was the subject of a famous obscenity trial in 1933, but was found by a U.S. district court in New York to be a work of art. The furor over the novel made Joyce a celebrity. In the long run, the work placed him at the forefront of the modern period of the early 1900s when literary works, primarily in the first two decades, explored interior lives and subjective reality in a new idiom, attempting to probe the human psyche in order to understand the human condition. This richly-allusive novel, revolutionary in its modernistic experimentalism, was hailed as a work of genius by W.B. Yeats, T.S. Eliot and Ernest Hemingway. Scandalously frank, wittily erudite, mercurially eloquent, resourcefully comic and generously humane, 'Ulysses' offers the reader a life-changing experience. Publisher : General Press

A literary portrait of the epic songwriter and poet traces the historical origins of the Odyssey and the Iliad, describing the culture that shaped their first-generation audiences while exploring theories about how both poems were written by a single, female poet. Reprint.

Odysseus was notoriously vague about where he lived. Ithaca was the place, he said, but his description of its whereabouts was a mixture of geography and poetry. Tradition says that it was the modern island of Ithaki in the Ionian Sea. Other theories, however, have placed it elsewhere. This book takes a close look at the traditional view, and at some of the other theories. The author examines the Odyssey in detail, draws on ancient and modern scholarly texts (some translated into English for the first time), reproduces antique and contemporary maps, and satellite imagery, quotes from the accounts of earlier travellers and topographers, sails the Ionian Sea, and above all, walks the landscape of Ithaki exploring the extent to which the island matches the Ithaca of the poem. The result is a treasure trove of documentation and discovery. The author proposes new explanations for some age-old problems: where was Dulichium? Where did Telemachus land in Ithaca? Where was the city? Where was the palace of Odysseus? He suggests localities for them all. His analytical approach is informed by wide research into historical, literary and archaeological sources, and is abundantly illustrated. For the first time, several Ithacan landmarks that conform closely to the words and action of the Odyssey are identified. The author then travels to Cephalonia, Lefkada, Corfu, Sicily, Spain, and the Azores to explore other proposed localities for Ithaca. He returns to Ithaki, and reflects on how Homer could have known the island that so closely matches the island of his poem. An ideal companion for lovers of Homer and travellers alike. Beautifully illustrated with more than 270 photographs (landscape, sea, archaeological objects, flora, fauna), 30 historical maps, 10 views of annotated satellite imagery, 5 new maps. List of ancient writers. Bibliography. Select websites. Index. 435 pages.

From the widely acclaimed writer, a beguiling new novel, at once wistful and ribald, about a day in the life of two Indian men in London--a university student and his bachelor uncle--each coping in his own way with alienation, solitariness, and the very art of living. It is 1985. Twenty-two-year-old Ananda has been in London for two years, practicing at being a poet. He's homesick, thinks of himself as an inveterate outsider, and yet he can't help feeling that there's something romantic, even poetic, in his isolation. His uncle, Radhesh, a magnificent failure who lives in genteel impoverishment and celibacy, has been in London for nearly three decades. Odysseus Abroad follows them on one of their weekly, familiar forays about town. The narrative surface has the sensual richness that has graced all of Amit Chaudhuri's work. But the great charm and depth of the novel reside in Ananda's far-ranging ruminations (into the triangle between his mother, father, and Radhesh--his mother's brother, his father's best friend; his Sylheti/Bengali ancestry; the ambitions and pressures that rest on his shoulders); in Radhesh's often artfully wielded idiosyncrasies; and in the spiky, needful, sometimes comical, yet ultimately loving connection between the two men. This eBook edition includes a reading group guide.

After ten years at war, Odysseus returns to Ithaca to find his palace in the hands of violent men. These mortal enemies are overcome but the ghosts of war are not so easily vanquished. Drawing on the Iliad and Odyssey of Homer, and loosely following the model of classical Greek drama, Peter Oswald explores the personal journey behind the fantastic one, and asks what it means to be a hero.

"I've never seen more information about Wonder Woman than in Wonder Woman Unbound. Tim Hanley tells us everything we've never asked about Wonder Woman, . . . from her mythic Golden Age origins through her dismal Silver Age years as a lovesick romance comic character, and worse yet, when she lost her costume and powers in the late 1960s. Our favorite Amazon's saga becomes upbeat again with the 1970s advent of Gloria Steinem and Ms. magazine, and Lynda Carter's unforgettable portrayal of her on television. And it's all told with a dollop of humor!" --Trina Robbins, author of Pretty in Ink With her golden lasso and her bullet-deflecting bracelets, Wonder Woman is a beloved icon of female strength in a world of male superheroes. But this close look at her history portrays a complicated heroine who is more than just a female Superman. Tim Hanley explores Wonder Woman's lost history, delving into her comic book and its spin-offs as well as

the motivations of her creators, to showcase the peculiar journey of a twentieth-century icon—from the 1940s, when her comics advocated female superiority but were also colored by bondage imagery and hidden lesbian leanings, to her resurgence as a feminist symbol in the 1970s and beyond. Tim Hanley is a comic book historian. His blog, *Straitened Circumstances*, discusses Wonder Woman and women in comics, and his column “Gendercrunching” runs monthly on *Bleeding Cool*. He lives in Halifax, Nova Scotia.
