SOA Suite 12c provides the option to use
the Integrated WebLogicServer in
JDeveloper as the development run time
environment. It comes prepackaged,
installs very easily and gets a developer up
and running in less than 20-30 minutes. As
part of this light (er) weight SOA Suite run
time, there is an MDS Repository (file
based).

Oracle SOA Suite 11g Handbook is thick pile of paper with well thought and organized content. This book isn't full blown "explain it all" with 100 pages of installation instructions (they are as extras in internet) and way too much pictures (they are also in internet), but it's more of excellently distilled and well balanced textbook which has good mixture of theory and practical product ...

Oracle SOA Suite enables system developers to set up and manage services and to orchestrate them into composite applications and business processes. With Oracle SOA Suite's hot-pluggable components, organizations can easily extend and evolve their architectures instead of replacing existing investments.
