A *Pocket Guide to Netherlands East Indies* was originally a 5.25"x4.24" pocket-size booklet released in 1943 for American GIs in World War II on their way to Indo-European countries, including Sumatra, Java, and Borneo, which were near territories occupied and controlled by the Japanese. The pamphlet outlines the role of the soldier, as well as descriptions of the different countries and peoples, their habits and cultures, and the native vegetation and wildlife. The booklet includes a map of the 3,000 countries making up the East Indies, guides to currency, time, measurements, and language, and a list of dos and don'ts when interacting with the general population. The War and Navy Departments, Washington D.C., publish pamphlets, reports, manuals, and instructions ranging on topics from countries and regions of the world, machine and weapon operation, roles of persons and positions, vehicle operation and safety, and other topics pertinent in wartime and for the military.

A Sunday Times (UK) Book of the Year Shortlisted • Society of Authors' Somerset Maugham Award A BBC Radio 4 Book of the Week The best-selling author of *The Secret Lives of Color* returns with this rollicking narrative of the 30,000-year history of fabric, briskly told through thirteen charismatic episodes. From colorful 30,000-year-old threads found on the floor of a Georgian cave to the Indian calicoes that sparked the Industrial Revolution, *The Golden Thread* weaves an illuminating story of human ingenuity. Design journalist Kassia St. Clair guides us through the technological advancements and cultural customs that would redel ne human civilization—from the fabric that allowed mankind to achieve extraordinary things (traverse the oceans and shatter athletic records) and survive in unlikely places (outer space and the South Pole). She poses her story with a motley cast of characters, including Xiling, the ancient Chinese empress credited with inventing silk, to Richard the Lionhearted and Bing Crosby. Offering insights into the economic and social dimensions of clothmaking—and countering the enduring, often demeaning, association of textiles as “merely women’s work”—*The Golden Thread* offers an alternative guide to our past, present, and future.

"The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational." —Kevin Kwan, author of *Crazy Rich Asians* *Amy Tan's* beloved, *New York Times* bestselling tale of mothers and daughters *Four mothers, four daughters, four families* whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, *Amy Tan* examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. *Tan* is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.
