A humble soul can maneuver gracefully in the passages of the God's Word. Small preachers are the best preachers. Work with me We never come to sermon preparation in a neutral frame of mind. Frustration or enthusiasm, weariness or worry, all crowd up to the desk with us when we study. Such things are actually part of our soul's preparation.

Orphic gold tables are key documents for the knowledge of rites and beliefs of Orphics, an atypical group that configured a highly original creed and that influenced powerfully over other Greek writers and thinkers. The recent discovery of some tablets has forced a noteworthy modification of some points of view and a review of the different hypothesis proposed about them. The book presents a complete edition of the texts, their translation and some fundamental keys for their interpretation, in an attempt at updating our current knowledge on Orphic ideas about the soul and the Afterlife stated in those texts. The work is improved with an appendix of iconographic annotations in which some plastic representations in drawings are reproduced related to the universe of tablets, selected and commented on by Ricardo Olmos.

The Emerald Tablet is purported to be a fourteen step instruction manual for the Alchemical process of turning ordinary metals like lead into something much more valuable, like gold. If you can decipher the meaning, that is. Over the centuries, many have tried. I believe the fourteen statements of the Emerald Tablet to be a symbolic guide to a far greater treasure... Legend has it that this guide was written by Hermes Trismegistus, an ancient Egyptian philosopher whose discoveries were said to have transformed

him, through knowledge of this world, into a god among men, so to speak. The Egyptians thought so highly of him that they equated him with their god Thoth (see front cover) and the Greeks, in similar fashion, equated him with their god Mercury. What is the goal of the Emerald Tablet, as transmitted to us by Hermes through the fourteen cryptic statements? To transform those of us who can decipher its meaning into a higher level of human consciousness. To transform the reader, through knowledge, into what the Egyptians would have called a god among men. "This world is a holographic unity that repeats itself in an endless, infinite continuum in every direction forever."

A Soul's Guide to Abundance, Health and Happiness is easy to read and hard to put down. It is the first book to explain the spiritual, mental, emotional, energetic and physical awareness necessary to create a life of superb health, complete happiness and endless abundance. Forty chapters with study guides, motivational prayers, poetry, true life anecdotes and channeled information take readers on a fascinating journey of self exploration, diagnosis, healing and training. Topics include finding your true self, spiritual contracts, cell memory, meditation, channeling, positive thoughts, intent, affirmations, dreams, living in the moment, loving self and others, forgiveness, gratitude, working with energy, chakras, meridians, how to give a healing, using crystals, essential oils, herbs, flower essences, the acid/alkaline diet, exercise, cell memory, and past lives. Abundance, health and happiness is a reality for all people, not a stroke of luck for just a few. It is our God-given right and you deserve it!

A guide aimed at introducing students to the history of Asia in conjunction with Western and world history.

The Calling offers a groundbreaking twelve-week program to help you discover more fulfilling work, more authentic relationships, and a deeper sense of connection. It's no secret that many working professionals are dissatisfied with their occupations—it's been estimated that more than 75 percent of employees in the US are disengaged or otherwise unhappy in their jobs. This dissatisfaction is often seen as a structural problem—one that can be solved by shuffling people in and out of positions until they find the right fit. Cognitive neuroscientist, researcher, and spiritual seeker Julia Mossbridge has a different take. According to Mossbridge, this lack of engagement and satisfaction in the workforce is a spiritual problem: we find ourselves in stressful or unfulfilling jobs because we don't know ourselves well enough to choose wisely, in alignment with our most heartfelt desires. It's this problem—one of self-knowledge, values, and spiritual attunement—that this book seeks to solve. The Calling offers a twelve-week program for discovering your "soul's work." An intriguing combination of hard-nosed science and wide-open spirituality, this one-of-a-kind guide will show you how to use the scientific method of observation and experimentation on yourself, in order to determine the nature and scope of your true calling, and then put it into action. You'll also create your own "lab notebook" of personalized information to help you discover, energize, and engage your soul's work. With the insights and strategies in this practical yet spiritual step-by-step book, you'll not only find more satisfying work; you'll also discover greater fulfillment in all areas of your life, including more authentic relationships and a deeper sense of connection with the universe.
