Summer of Love: Art of the Psychedelic Era - Art - Review ...

The art and culture of the psychedelic period constitutes one of the most exciting but also much neglected phenomena of the twentieth-century. Moving beyond a purely nostalgic reception, Summer of Love attempts to uncover this forgotten and repressed aesthetic that continues to exert an increasingly powerful influence on many contemporary artists. The exhibition reconstructs the original creative and utopian potential of psychedelic art and locates it within the wider cultural and political ...

Yes, here he is, the act you've known for all these years, Peter Max — now 79 and working harder than ever, evidence of which is the beautiful Summer of Love commemorative cover wrap AARP The Magazine commissioned for its August/September 2017 issue. "Some of my favorite musicians and songs are from the era," he says.

'The Summer of Love' brings together an impressive group of historians, artists, and cultural critics to present a rich and varied interpretation of this seminal decade and its continuing influence on politics, society, and culture. The book will accompany an exhibition at Tate Liverpool.

A guide to the art of the psychedelic era shares a wide range of posters, record covers, and other period photographs that explore the influence of psychedelia on the art and culture of the 1960s and beyond, in a volume complemented by a wealth of informative essays. Original. 10,000 first printing.

Featuring a wide array of iconic rock posters, period photographs, music memorabilia and light shows, "out-of-this-world" clothing, and avant-garde films, this catalogue celebrates San Francisco's rebellious and colorful counterculture that blossomed in the years surrounding the 1967 Summer of Love. This book explores, through essays and a succession of thematic plates, the visual and material cultures of a generation searching for personal fulfillment and social change. Presenting key cultural artifacts of the time, Summer of Love introduces and explores the events and experiences that today define this dynamic era. With essays by Victoria Binder, Dennis McNally, and Joel Selvin. Published in association with the Fine Arts Museums of San Francisco. Exhibition dates: de Young, San Francisco: April 8-August 20, 2017

This book weaves a fascinating narrative that separates surprising fact from entrenched mythology.

An insightful introduction to hippie culture and how its revolutionary principles in the 1960s helped shape modern culture. • Includes 13 primary sources, including excerpts from articles, speeches, and original interviews, and Abbie Hoffman's trial interview • Presents original photography by acclaimed photographer Robert Altman, providing views of hippies at the height of 1960s culture

Love Me Please is a biography in comics of the amazing rock singer Janis Joplin, which recalls, respecting the chronology, the highlights of her journey from childhood, after the Second World War, to her abrupt death in late 1970.It is one of the most fabulous musical adventures in America n the second half of the twentieth century. Yet it lasted only five years.How did a very young messed up woman, a drug addict filled with doubt, become in a few years a planetary icon of rock music? She went from the shadows to the blinding light of fame in only four records (the last one issued a month and a half after her tragic death). Thanks to a worldwide movement of emancipation which would consecrate for a long time the ideals and modes of alternative lifestyles from counterculture to the flower power generation, Janis, the ugly duckling, gave free rein to her impulses. Fed by the thirst for freedom of the Beat Generation and the desire for emancipation expressed by American youth in the early 1960s, Janis Joplin left for San Francisco, the epicenter of cultural innovation. She will live there a freedom of which she would hardly have dared to dream, abandoning herself to all impulses, overcoming without hesitation all the taboos of the time: bisexuality, alcohol, drugs, doing so not only with delight, but with the taste for excess which came naturally from her spontaneous character. A lively, fascinating story of a woman ahead of her time.

Recognized for its distinctive musical features and its connection to periods of social innovation and ferment, the genre of psychedelia has exerted long-term influence in many areas of cultural production, including music, visual art, graphic design, film, and literature. William Echard explores the historical development of psychedelic music and its various stylistic incarnations as a genre unique for its fusion of rock, soul, funk, folk, and electronic music. Through the theory of musical topics—highly conventional musical figures that signify broad cultural concepts—and musical meaning, Echard traces the stylistic evolution of psychedelia from its inception in the early 1960s, with the Beatles' Rubber Soul and Revolver and the Kinks and Pink Floyd, to the German experimental bands and psychedelic funk of the 1970s, with a special emphasis on Parliament/Funkadelic. He concludes with a look at the 1980s and early 1990s, touching on the free festival scene, rave culture, and neo-jam bands. Set against the cultural backdrop of these decades, Echard's study of psychedelia lays the groundwork and offers lessons for analyzing the topic of popular music in the twentieth and twenty-first centuries.

Chronicles the events and music of the late 1960s in the United States and Great Britain

This collection brings together new and original critical essays by eleven established European American Studies scholars to explore the 1960s from a transatlantic perspective. Intended for an academic audience interested in globalized American studies, it examines topics ranging from the impact of the American civil rights movement in Germany, France and Wales, through the transatlantic dimensions of feminism and the counterculture movement. It explores, for example, the vicissitudes of Europe's status in US foreign relations, European documentaries about the Vietnam War, transatlantic trends in literature and culture, and the significance of collective and cultural memory of the era.
