Secrets to find success in the executive job market revealed for the very first time! After the success of his first book Super Secrets of the Successful Jobseeker (over 55 'five-star' reviews on Amazon), former professional recruiter, job market strategist and Career Codex founder Simon Gray returns with specific advice for senior executives. Having worked with senior executive clients from across the world on a private 1-1 basis, for the first time he reveals publicly what it really takes to stand out in the executive job market. Whether you're a CEO in the USA and looking for a job locally or a CFO in the UK and looking to further your career internationally, this book will show you the way. Wherever you are based and no matter what your discipline or industry sector, the strategies and techniques outlined in this book will put you ahead of the competition to find and secure the executive position you deserve. Forget waiting for the right position to be advertised, by then it's often too late. It's time to grab the executive job market by the scruff of the neck - it's time for you to take control of your own destiny! Packed with real-life anecdotes, this book will challenge your beliefs, empower your thinking and give you a completely different approach to other senior executives competing for the job you want. It will make you stand out from the crowd and enable you to open doors you never knew existed or previously found closed. Learn why your CV / resume is not the key to your success, understand the power of the 'hidden market' (the place where a high proportion of senior executive positions exist but few rarely see) and leverage the 'executive jobseeker dichotomy' to its full effect! This book is the inside track and contains the secrets to unlock your success in the executive job market. Using the framework and methodology in this book, you'll be empowered to: Uncover a higher number of executive opportunities in a shorter period of time. Generate a higher probability of converting executive opportunities into job offers. Negotiate a more competitive starting salary and benefits package. Manage your own career and executive job search both now and in the future. By absorbing everything in this book and taking the recommended action, whatever you want from your future career is firmly within your grasp!"

A nationally respected executive recruiter, Chris Nadherny has conducted more than 700 search assignments for a wide-range of companies, assessed thousands of successful professionals and counseled many whose career paths have been disrupted or stalled. He knows what it takes for professionals to get to the next level, and what holds them back. In writing The Proactive Executive, Nadherny has created a highly effective five-step framework for mid-career professionals who want to fulfill their potential. Packed with actionable guidance, real-world stories and insider knowledge, The Proactive Executive explains how to build key skills, assess job opportunities, develop self-awareness, and obtain a position of senior-level responsibility.

Research has shown that over 90% of executive jobs come from the Hidden Job Market. Learn how to navigate the Hidden Job Market and secure the next best opportunity in 120 days by learning and applying. The Morita Method gives you access to the Hidden Job Market and makes it your most promising playground. Reach out to the next step in your career: Make use of your full human potential, attract higher rewards, and become an increasingly valuable and desirable resource. About the Author: Rainer Morita is an International Job Search Coach and Hidden Job Market Expert who partners with top-tier executives worldwide to secure perfect jobs based on his proprietary job search system called the Morita Method. As executive search agent, he is working for one of the largest executive search firms in search of mission-critical leadership talent. Rainer has become a gateway to Asia for European firms, and to Europe for Asian firms. A look at the fundamental secrets of America's most effective CEOs describes the success stories of Welch of GE, Vagelos of Merck, Gates of Microsoft, and others, and offers cautionary tales. National ad/promo.

Explains how to get ahead, what to do and what not to do to win in the highly competitive job race. This title explores the psychology of looking for a job and divulges his revolutionary techniques to get noticed and employed in a crowded market.

NEW YORK TIMES AND WALL STREET JOURNAL BESTSELLER • Winner of CMI Management Book of the Year 2019 Based on an in-depth analysis of over 2,600 leaders drawn from a database of more than 17,000 CEOs and C-suite executives, as well 13,000 hours of interviews, and two decades of experience advising CEOs and executive boards, Elena L. Botelho and Kim R. Powell overturn the myths about what it takes to get to the top and succeed. Their groundbreaking research was the featured cover story in the May-June 2017 issue of Harvard Business Review. It reveals the common attributes and counterintuitive choices that set apart successful CEOs—lessons that we can apply to our own careers. Much of what we hear about who gets to the top, and how, is wrong. Those who become chief executives set their sights on the C-suite at an early age. In fact, over 70 percent of the CEOs didn't have designs on the corner office until later in their careers. You must graduate from an elite college. In fact, only 7 percent of CEOs in the dataset are Ivy League graduates--and 8 percent didn't graduate from college at all. To become a CEO you need a flawless résumé. The reality: 45 percent of CEO candidates had at least one major career blowup. What those who reach the top do share are four key behaviors that anyone can master: they are decisive; they are reliable, delivering what they promised when the promise it, without exception; they adapt boldly, and they engage with stakeholders without shying away from conflict. Based on this breakthrough study of the most successful people in business, Botelho and Powell offer career advice for everyone who aspires to get ahead. Based on research insights illustrated by real life stories from CEOs and boardrooms, they tell us how to: - Fast-track our career by deploying the career catapults used by those who get to the top quickly - Overcome the hidden handicaps to getting the job we want. - Avoid the 5 hazards that most commonly derail those promoted into a new role. For everyone who aspires to rise up through the organization and achieve their full potential, The CEO Next Door is an essential guide.

A true story about the courage to stand up, keep going and never give in! Bullied at school, Simon Gray set off on a journey to avenge his demons. From the Muay Thai ring to the traditional Japanese dojo his journey of self-discovery is packed full of humour, inspiration and lessons to live a better and more fulfilling life. Approaching his mid-thirties, he stepped away from the corporate rat race. Having sold his house, car and other worldly possessions he travelled to Tokyo, Japan where he enrolled on one of the toughest martial arts courses in the world. For 11 months he trained with the Tokyo Riot Police on the bruising and often brutal course that changed his life. In Suck It Up Or Go Home he shares his story of training, torment and ultimate triumph. In a world where challenges are ever-present, Suck It Up Or Go Home is about the courage to stand up, keep going and never give in! This book is about stepping out of your comfort zone to embrace new opportunities and challenges. While a book with martial arts at its core, it's much more than a book on martial arts. It's a true story of resilience, discipline and succeeding against the odds. It charts the author's life from a tough boarding school to the present day. It's a tale of self-discovery, self-awareness and is packed full of humour alongside serious observations on life. It details what happened on the Yoshinkan Aikido 16th international Senshusei course in Tokyo Japan, and brings to life the craziness of everyday life on one of the toughest martial arts courses in the world. If you have an interest in the martial arts, Japanese culture, or what it takes to keep going during difficult times, you'll definitely enjoy this book.

"Superbosses is the rare business book that is chock full of new, useful, and often unexpected ideas. After you read Finkelstein's well-crafted gem, you will never go about leading, evaluating, and developing talent in quite the same

Read Book Super Secrets Of Successful Executive Job Search Everything You Need To Know To Find And Secure The Executive Position You Deserve

way. ” —Robert Sutton, author of *Scaling Up Excellence* and *The No Asshole Rule* “ Maybe you ’ re a decent boss. But are you a superboss? That ’ s the question you ’ ll be asking yourself after reading Sydney Finkelstein ’ s fascinating book. By revealing the secrets of superbosses from finance to fashion and from cooking to comic books, Finkelstein offers a smart, actionable playbook for anyone trying to become a better leader. ” —Daniel H. Pink, author of *To Sell Is Human* and *Drive* A fascinating exploration of the world ’ s most effective bosses—and how they motivate, inspire, and enable others to advance their companies and shape entire industries, by the author of *How Smart Executives Fail*. A must-read for anyone interested in leadership and building an enduring pipeline of talent. What do football coach Bill Walsh, restaurateur Alice Waters, television executive Lorne Michaels, technology CEO Larry Ellison, and fashion pioneer Ralph Lauren have in common? On the surface, not much, other than consistent success in their fields. But below the surface, they share a common approach to finding, nurturing, leading, and even letting go of great people. The way they deal with talent makes them not merely success stories, not merely organization builders, but what Sydney Finkelstein calls superbosses. After ten years of research and more than two hundred interviews, Finkelstein—an acclaimed professor at Dartmouth ’ s Tuck School of Business, speaker, and executive coach and consultant—discovered that superbosses exist in nearly every industry. If you study the top fifty leaders in any field, as many as one-third will have once worked for a superboss. While superbosses differ in their personal styles, they all focus on identifying promising newcomers, inspiring their best work, and launching them into highly successful careers—while also expanding their own networks and building stronger companies. Among the practices that distinguish superbosses: They Create Master-Apprentice Relationships. Superbosses customize their coaching to what each protégé really needs, and also are constant founts of practical wisdom. Advertising legend Jay Chiat not only worked closely with each of his employees but would sometimes extend their discussions into the night. They Rely on the Cohort Effect. Superbosses strongly encourage collegiality even as they simultaneously drive internal competition. At Lorne Michaels ’ s *Saturday Night Live*, writers and performers are judged by how much of their material actually gets on the air, but they can ’ t get anything on the air without the support of their coworkers. They Say Good-Bye on Good Terms. Nobody likes it when great employees quit, but superbosses don ’ t respond with anger or resentment. They know that former direct reports can become highly valuable members of their network, especially as they rise to major new roles elsewhere. Julian Robertson, the billionaire hedge fund manager, continued to work with and invest in his former employees who started their own funds. By sharing the fascinating stories of superbosses and their protégés, Finkelstein explores a phenomenon that never had a name before. And he shows how each of us can emulate the best tactics of superbosses to create our own powerful networks of extraordinary talent.

There are no secrets to getting rich overnight, it isn't easy but it is possible. Getting rich starts with your mindset. The golden rule is, “ If you don ’ t have a clear plan ahead of you, you can ’ t achieve success. ” This is why all successful and wealthy individuals, make to-do lists and set goals. Generally, if you have no plan of action to make that happen, it ’ s not really a goal. It ’ s just a daydream and the most important thing you can do to ensure your financial future is to start saving and investing earlier rather than later, because the sooner you start, the easier it is to get wealthy. In this book, *SECRETS TO GET RICH I* ’ ll show you great ideas to help you get wealthy, avoid financial ruin and find the peace that comes with financial freedom—no matter what your income level is.

This new book by Matthew Little is a look into the world of the Corporate Safety Leader and the reasons why so many corporate safety culture change programs fail. Matthew provides his years of global safety management experience to help corporate leaders understand contemporary safety culture change management and 21st century safety leadership techniques.
