A synchronicity is a coincidence that has an analog in the psyche, and depending on how you understand it, it can inform you, primarily through intuition and emotion, how near or far you are from ...

~~Synchronicities: A Sure Sign You're on the Right Path ...~~

Among his patients, Jung observed that synchronicity often happens during circumstances of emotional intensity and upheaval, and often peaks right before a psychological breakthrough. These situations of an 'aroused psyche' include such life-changing major events such as births, deaths and turning points or personal crises.

~~Why We Should Trust the Synchronicity of Life | Psychreg~~

Behind all these phenomena he places the constellation of an archetype which, in his view, engages equally objective manifestations - in the physical world - and subjective ones - in the individual's psyche.. Jung wrote a book on synchronicity together with theoretical physicist and Nobel laureate W. Pauli providing proof for his concept.

~~Carl Jung – Synchronicity~~

Synchronicity. Gears of Time and Illusion Law of Attraction and Manifestation - Meaningful Coincidences - "The Secret" How the Hologram Works. To understand how synchronicities work is the understand the nature of reality. It is in fact a computer generated hologram in which characters and events created are programmed experiences that on this level of consciousness are perceived of as real.
