Every Business Including  
Yours

in a range of contexts. The tool is used to help students make financial decisions – ‘the best choices at the least cost’. Setting up the DMG: • Students record the products they are comparing across the top of the DMG.

## *Let's learn Decision together Making Grid*

Both decision tree and grid analysis are used in projects for decision making. A comparison of decision tree vs. grid analysis will indicate the best process that is considered suitable for the project. There are several occasions in project management when decision making is involved, like during preparation of project plans, scope definition, finalization of objectives, etc.

*The Grid : The Decision-making Tool for Every Business ...*

An Option Grid is a single-sided A4-paged tabulated summary of options, based upon an (often extensive) evidence document, and written to a reading age of about 12 years. The rows comprise frequently asked questions (six-to-eight to fit to paper size); the columns give the available options (generally two-to-three).
