The Jews immigrated to Wales in large numbers, leading to the founding of new Jewish communities, particularly in the heavily industrialized South Wales Valleys. While the Cardiff Jewish population was 13 families in 1852, after the influx of Jews fleeing from Russian pogroms in the 1880s the city's Jewish population rose to a peak of 5,500.

Wales is appearing to be the epicenter of Jewish DNA. J and E1b1b are conventional markers for Jewish and Middle Eastern lineages signifying "a continued Jewish presence from Roman and Anglo- Saxon times or arrival after the Norman Conquest" according to the Author's research.

### The Early Jews and Muslims of England and Wales: A Genetic ...

The Jews were one group who immigrated to Wales in large numbers during this period, leading to the founding of new Jewish communities, particularly in the heavily industrialised South Wales Valleys. A synagogue was founded in Merthyr Tydfil in 1875, and by the end of the century, most towns in the Valleys were home to small Jewish communities and trading stations. [6]

### History of the Jews in Wales – Infogalactic: the planetary ...

There were roughly 6,000 Jews in Wales around the time of World War I. More Jews moved to Welsh towns during World War II to aid the war effort. With its growing prosperity, Cardiff replaced Swansea as the principal Jewish center in Wales.

### Cardiff, Wales – Jewish Virtual Library

The Early Jews and Muslims of England and Wales is the third and final book in a trilogy by the same authors. The first is When Scotland Was Jewish (2007). The second is Jews and Muslims in British Colonial America (2012). Elizabeth Caldwell Hirschman is a professor of marketing at Rutgers University in New Brunswick, New Jersey and a professor at the University of Virginia-Wise.

This study considers Welsh Jewry as a geographical whole and is the first to draw extensively on oral history sources, giving a voice back to the history of Welsh Jewry, which has long been a formal history of synagogue functionaries and institutions. The author considers the impact of the Second World War on Wales's Jewish population, as well as the importance of the Welsh context in shaping the Welsh-Jewish experience. The study offers a detailed examination of the numerical decline of Wales's Jewish communities throughout the twentieth century, and is also the first to consider the situation of Wales's Jewish communities in the early twenty-first, arguing that these communities may be significantly fewer in number and smaller than in the past but they are ever evolving.

"This book proposes that Jews were present in England from the Roman Conquest forward. Indeed, there has never been a time during which a large Jewish-descended, and later Muslim-descended, population has been absent from England. Documentaton in supportof this revisionist history includes contemporary DNA studies, genealogies, church records, place names and the Domesday Book"--

Extracts from Welsh literature--poetry, drama, novels, short stories, memoirs and a screenplay--show how the Welsh and Jewish nations have interacted over the centuries.

Wales has a centuries-long history of interest in Palestine and Israel, and a particularly close interest in Jews and Zionism, which has been expressed widely in the literature. Whose People? Wales, Israel, Palestine is the first monograph to explore this subject. It asks difficult and probing questions about the relationship that Wales has had with Palestine in the past, and now has with the Israel-Palestine situation in the present, and it challenges received wisdom about Welsh tolerance and liberalism. Using publications in Welsh and in English across several centuries, this survey examines Welsh missionary efforts and colonial desires in Palestine; complex and contradictory attitudes to Jews, and the use of Zionism and the Hebrew language revival as a model for Wales. Beginning with an analysis of a so-called tradition of Welsh identification with Jews, the study locates its origins in the early twentieth century, and moves on to uncover provocative material in Welsh conversionist writing on Jews, Muslims and Samaritans in Palestine in the nineteenth century, and imaging of Jews in twentieth-century fiction and the periodical press. It concludes with a survey of Jewish literary responses to Wales that suggests that some Jewish writers have been active agents in reinforcing Welsh support of Zionism in particular. The evidence uncovered here shows a complex picture of a unique cultural and political relationship. Whose People? Wales, Israel, Palestine makes an important contribution to international Jewish studies, to the study of British colonial involvement in Palestine, and to Welsh and Jewish literary and cultural history.

The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

A WWII-era Welsh barmaid begins a secret relationship with a German POW in this "beautiful, ambitious novel" longlisted for the Man Booker Prize (Ann Patchett). Set in the stunning landscape of North Wales just after D-Day, this critically acclaimed debut novel traces the intersection of disparate lives in wartime. When a prisoner-of-war camp is established near her village, seventeen-year-old barmaid Esther Evans finds herself strangely drawn to the camp and its forlorn captives. She is exploring the camp boundary when an astonishing thing occurs: A young German corporal calls out to her from behind the fence. From that moment on, the two begin an unlikely--and perilous--romance. Meanwhile, a German-Jewish interrogator travels to Wales to investigate Britain's most notorious Nazi prisoner, Rudolf Hess. In this richly drawn and thought-provoking "tour de force," all will come to question the meaning of love, family, loyalty, and national identity (The New Yorker). "If you loved The English Patient, there's probably a place in your heart for The Welsh Girl." --USA Today "Davies's characters are marvelously nuanced." --Los Angeles Times "Beautifully conjures a place and its people, in an extraordinary time . . . A rare gem." --Claire Messud, author of The Woman Upstairs "This first novel by Davies, author of two highly praised short story collections, has been anticipated--and, with its wonderfully drawn characters, it has been worth the wait." --Booklist, starred review

"Brilliantly researched, utterly gripping history: the first full account of a remarkable group of Jewish refugees--a top-secret band of brothers--who waged war on Hitler."--Alex Kershaw, New York Times best-selling author of The Longest Winter and TheLiberator The incredible World War II saga of the German-Jewish commandos who fought in Britain's most secretive special-forces unit--but whose story has gone untold until now June 1942. The shadow of the Third Reich has fallen across the European continent. In desperation, Winston Churchill and his chief of staff form an unusual plan: a new commando unit made up of Jewish refugees who have escaped to Britain. The resulting volunteers are a motley group of intellectuals, artists, and athletes, most from Germany and Austria. Many have been interned as enemy aliens, and have lost their families, their homes--their whole worlds. They will stop at nothing to defeat the Nazis. Trained in counterintelligence and advanced combat, this top secret unit becomes known as X Troop. Some simply call them a suicide squad. Drawing on extensive original research, including interviews with the last surviving members, Leah Garrett follows this unique band of brothers from Germany to England and back again, with stops at British internment camps, the beaches of Normandy, the battlefields of Italy and Holland, and the hellscape of Terezin concentration camp--the scene of one of the most dramatic, untold rescues of the war. For the first time, X Troop tells the astonishing story of these secret shock troops and their devastating blows against the Nazis. "Garrett's detective work is stunning, and her storytelling is masterful. This is an original account of Jewish rescue, resistance, and revenge."--Wendy Lower, author of The Ravine and National Book Award finalist Hitler's Furies
