"Submit yourselves, then, to God. Resist the devil, and he will flee from you." – James 4:7. First of all, let me go on record as saying there is a real devil...BUT, there is also a real God! As believers who have been born again and empowered by the Spirit of God, we have authority over the devil and his imps.

After a distinguished career as a professional beach volleyball player, Rachel Haslett's father hands her the reigns to the Santa Barbara Charros, a class A minor league baseball team. She shakes the very foundation of the sport by hiring an all female staff and creating a highly successful marketing campaign called honeyball. To baseball purists it represents marketing sex over baseball. It's a concept that results in the Charros' becoming the all time minor league leader in attendance for a single season. Rachel's path to that record is cluttered with obstacles; she's jailed for a parole violation, sexually assaulted by her parole officer, repeatedly chastised in print by a local

sportswriter and haunted by the death of her father in a plane crash which she learns was not an accident. Honeyball offers an intriguing and entertaining perspective of minor league baseball where a group of women pull together in a dedicated campaign to find success at the box office while their leader finally finds the love of her life and the persons responsible for the death of her father in a plane crash. This all happens before her team records its last out of its season.

The Methodist Church, with its distinctive musical inheritance by which the worldwide Church has been enriched, famously expresses its theology through its singing. Its authorised hymnbook therefore means more than a hymn book does in other traditions – it expresses the central beliefs of the Church itself and is commended to congregations as their core worship resource. Seven years in development, Singing the Faith is authorised by the Methodist Conference and replaces Hymns and Psalms, published almost 30 years ago. Containing the classic, best loved hymns of the Christian tradition it also incorporates many bold and exciting elements including hymns, songs and liturgical chants from the world church. A large proportion of its 830+ items are 20th and 21st century compositions, offering congregations a feast of musical choices spanning centuries and continents. It is arranged thematically in three parts: God's Eternal Goodness - the Trinity, praise and adoration, creation, gathering for worship, Scripture and revelation God's Redeeming Work – the life of Christ revealed throughout the Christian year God's Enduring Purposes – the Holy Spirit, our life in God, prayer, the sacraments, our human journeys, the saints and the life to come. Many helpful indexes enable fitting choices to be made that will enrich all occasions of worship.

Containing the classic, best loved hymns of the Christian tradition it also incorporates many bold and exciting elements including hymns, songs and liturgical chants from the world church.

Elizabeth DeLoughrey invokes the cyclical model of the continual movement and rhythm of the ocean (‘tidallectics’) to destabilize the national, ethnic, and even regional frameworks that have been the mainstays of literary study. The result is a privileging of alternative epistemologies whereby island cultures are positioned where they should have been all along—at the forefront of the world historical process of transoceanic migration and landfall. The research, determination, and intellectual dexterity that infuse this nuanced and meticulous reading of Pacific and Caribbean literature invigorate and deepen our interest in and appreciation of island literature. —Vilsoni Hereniko, University of Hawai‘i
"Elizabeth DeLoughrey brings contemporary hybridity, diaspora, and globalization theory to bear on ideas of indigeneity to show the complexities of 'native' identities and rights and their grounded opposition as 'indigenous regionalism' to free-floating globalized cosmopolitanism. Her models are instructive for all postcolonial readers in an age of transnational migrations." —Paul Sharad, University of Wollongong, Australia
Routes and Roots is the first comparative study of Caribbean and Pacific Island literatures and the first work to bring indigenous and diaspora literary studies together in a sustained dialogue. Taking the "tidialectic" between land and sea as a dynamic starting point, Elizabeth DeLoughrey foregrounds geography and history in her exploration of how island writers inscribe the complex relation between routes and roots. The first section looks at the sea as history in literatures of the Atlantic middle passage and Pacific Island voyaging, theorizing the transoceanic imaginary. The second section turns to the land to examine indigenous epistemologies in nation-building literatures. Both sections are particularly attentive to the ways in which the metaphors of routes and roots are gendered, exploring how masculine travelers are naturalized through their voyages across feminized lands and seas. This methodology of charting transoceanic migration and landfall helps elucidate how theories and people travel, positioning island cultures in the world historical process. In fact, DeLoughrey demonstrates how these tropical island cultures helped constitute the very metropolises that deemed them peripheral to modernity. Fresh in its ideas, original in its approach, Routes and Roots engages broadly with history, anthropology, and feminist, postcolonial, Caribbean, and Pacific literary and cultural studies. It productively traverses diaspora and indigenous studies in a way that will facilitate broader discussion between these often segregated disciplines.

Written from a teaching perspective, Counseling the Nursing Mother: A Lactation Consultant&(m)s Guide, Sixth Edition presents topics within a counseling framework with practical suggestions and evidence-based information interwoven throughout. Completely updated and revised, it includes new research on milk composition, the importance of the gut microbiome and skin-to-skin care, Affordable Care Act changes, and the latest guidelines from the World Health Organization for breastfeeding with HIV. Also explored and expanded are discussions on cultural competence, working effectively and sensitively with LGBTQ families, addressing disparities in health equity, milk banking issues, and social media trends for lactation information and support. Additionally, the Sixth Edition also serves as a significant teaching tool for students, interns, and other healthcare professionals. With an extensive glossary and bulleted lists at the end of each chapter, it is an ideal study guide for International Board Certified Lactation Consultant (IBCLC) certification and practice. Each new print copy includes Navigate 2 Advantage Access that unlocks a comprehensive and interactive eBook.

Menehetet I rises from peasant stock to become a harem overlord between the reigns of Ramses II and Ramses IX of Egypt.

A tautly paced investigation of one the 20th century's most audacious art frauds, which generated hundreds of forgeries-many of them still hanging in prominent museums and private collections today Provenance is the extraordinary narrative of one of the most far-reaching and elaborate deceptions in art history. Investigative reporters Lanez Salisbury and Aly Sujo brilliantly recount the tale of a great con man and unforgettable villain, John Drewe, and his sometimes unwitting accomplices, Chief among those was the struggling artist John Myatt, a vulnerable single father who was manipulated by Drewe into becoming a prolific art forger. Once Myatt had painted the pieces, the real fraud began. Drewe managed to infiltrate the archives of the upper echelons of the British art world in order to fake the provenance of Myatt's forged pieces, hoping to irrevocably legitimize the fakes while effectively rewriting art history. The story stretches from London to Paris to New York, from Tony Manhattan art galleries to the esteemed Giacometti and Dubuffet associations, to the archives at the Tate Gallery. This enormous swindle resulted in the introduction of at least two hundred forged paintings, some of them breathtakingly good and most of them selling for hundreds of thousands of dollars. Many of these fakes are still out in the world, considered genuine and hung prominently in private houses, large galleries, and prestigious museums. And the sacred archives, undermined by John Drewe, remain tainted to this day. Provenance reads like a well-plotted thriller, filled with unforgettable characters and told at a breakneck pace. But this is most certainly not fiction; Provenance is the meticulously researched and captivating account of one of the greatest cons in the history of art forgery.
