“ Submit yourselves, then, to God. Resist the devil, and he will flee from you. ” — James 4:7. First of all, let me go on record as saying there is a real devil...BUT, there is also a real God! As believers who have been born again and empowered by the Spirit of God, we have authority over the devil and his imps.

After a distinguished career as a professional beach volleyball player, Rachel Haslett ' s father hands her the reigns to the Santa Barbara Charros, a class A minor league baseball team. She shakes the very foundation of the sport by hiring an all female staff and creating a highly successful marketing campaign called honeyball. To baseball purists it represents marketing sex over baseball. It ' s a concept that results in the Charros ' becoming the all time minor league leader in attendance for a single season. Rachel ' s path to that record is cluttered with obstacles; she ' s jailed for a parole violation, sexually assaulted by her parole officer, repeatedly chastised in print by a local sportswriter and haunted by the death of her father in a plane crash which she learns was not an accident. Honeyball offers an intriguing and entertaining perspective of minor league baseball where

Elizabeth DeLoughrey invokes the cyclical model of the continual movement and rhythm of the ocean (‘ tidalectics ’) to destabilize the national, ethnic, and even regional frameworks that have been the mainstays of literary study. The result is a privileging of alter / native epistemologies whereby island cultures are positioned where they should have been all along—at the forefront of the world historical process of transoceanic migration and landfall. The research, determination, and

Intellectual dexterity that infuse this nuanced and meticulous reading of Pacific and Caribbean literature invigorate and deepen our interest in and appreciation of island literature. —Vilsoni Hereniko, University of Hawai ' i "Elizabeth DeLoughrey brings contemporary hybridity, diaspora, and globalization theory to bear on ideas of indigeneity to show the complexities of ' native ' identities and rights and their grounded opposition as ' indigenous regionalism ' to free-floating globalized cosmopolitanism. Her models are instructive for all postcolonial readers in an age of transnational migrations." —Paul Sharrad, University of Wollongong, Australia Routes and Roots is the first comparative study of Caribbean and Pacific Island literatures and the first work to bring indigenous and diaspora literary studies together in a sustained

dialogue. Taking the "tidalectic" between land and sea as a dynamic starting point, Elizabeth DeLoughrey foregrounds geography and history in her exploration of how island writers inscribe the complex relation between routes and roots. The first section looks at the sea as history in literatures of the Atlantic middle passage and Pacific Island voyaging, theorizing the transoceanic imaginary. The second section turns to the land to examine indigenous epistemologies in nation-building literatures. Both sections are particularly attentive to the ways in which the metaphors of routes and roots are gendered, exploring how masculine travelers are naturalized through their voyages across feminized lands and seas. This methodology of charting transoceanic migration and landfall helps elucidate how theories and people travel, positioning island cultures in the world historical

process. In fact, DeLoughrey demonstrates how these tropical island cultures helped constitute the very metropolises that deemed them peripheral to modernity. Fresh in its ideas, original in its approach, *Routes and Roots* engages broadly with history, anthropology, and feminist, postcolonial, Caribbean, and Pacific literary and cultural studies. It productively traverses diaspora and indigenous studies in a way that will facilitate broader discussion between these often segregated disciplines.

The Methodist Church, with its distinctive musical inheritance by which the worldwide Church has been enriched, famously expresses its theology through its singing. Its authorised hymnbook therefore means more than a hymn book does in other traditions – it expresses the central beliefs of the Church itself and is commended to congregations as their core worship resource. Seven years in development, Singing the Faith is authorised by the Methodist Conference and replaces Hymns and Psalms, published almost 30 years ago. Containing the classic, best loved hymns of the Christian tradition it also incorporates many bold and exciting elements including hymns, songs and liturgical chants from the world church. Ritual Making Women looks at the way in which women's making of ritual has emerged from the rapidly developing field of women's spirituality and theology. The author uses ethnographic material to explore how the construction of ritual uses story-making and embodied action to empower women. Ritual, far from being a timeless and universal practice, is shown to be a contextual and gendered performance in which women subvert conventional distinctions of private and public. The book combines narrative and case study material and draws on feminist theology and theory, social anthropology and gender studies.

Few can argue with the power of music to touch the heart. Voices shared in worshipful song allow us to honor God in a truly beautiful way. In *Hymns for Today*, renowned hymn writer Brian Wren helps us understand why this is so. Wren surveyed hundreds of hymns written since the 1960s to compile this discussion of forty hymn poems and to share the insights they provide for Christian faith. These contemporary hymns are analyzed for how they express Christian faith and traditional themes in fresh ways. Questions for discussion are included for each chapter, making this book an excellent group study resource. The *For Today* series was designed to provide reliable and accessible resources for the study and real

The application of important biblical texts, theological documents, and Christian practices. The emphasis of the series is not only on the realization and appreciation of what these subjects have meant in the past, but also on their value in the present--"for today." Thought-provoking questions are included at the end of each chapter, making the books ideal for personal study and group use.
